		NOTE 1.—One clerk at \$1,320, 2 clerks at \$1,260 each, 4 clerks at \$1,200 each, 5 clerks at \$1,080 each, 8 clerks at \$1,020 each, 10 clerks at \$900 each, 5 clerks at \$900 each, 4 messengers at \$660 each, 4 messengers at \$360 each, and 3 watchmen at \$840 each have been added, amounting to \$42,900. One hundred and thirty-six places have been dropped as per note above, amounting to \$127,000, making an apparent decrease of \$84,100, but deducting 2 clerks of class four and 1 clerk of class two, aggregating \$5,000, transferred to the Division of Accounts and Disbursements for the purpose of making the administrative examinations of the accounts and disbursements of the Forest Service, the actual decrease is \$79,100. This decrease in the appropriation is made necessary by the change in the organization of the Forest Service, under which 6 administrative districts will be established in the West. This occasions a reduction in the force of clerks in Washington, D. C., as the employees at the headquarters of the administrative districts will be paid from the lump fund for field expenses.
